

WASHINGTON PROSPECTORS — MINING CLAIM WORK REPORT

One requirement for maintaining placer mining claims is determining how much work is performed on each claim each year. To assist the Association in determining the work you performed on WPMA claims, please complete the form below. If you visited more than one claim in 2002, please make copies of this form for each claim visited. Please also indicate the type of activity and the hours spent therein on each form. When finished, please submit your forms to the WPMA's claim manager at the address below.
